

HEMATOLOGIST

The Department of Medical Oncology and Hematology, CancerCare Manitoba (CCMB), in conjunction with the WRHA Oncology Program, Winnipeg Regional Health Authority (WRHA); and, the Section of Hematology/Oncology, Department of Internal Medicine, Max Rady College of Medicine, University of Manitoba (U of M), are seeking applications for a position within our Hematology Program.

The successful candidate will be expected to develop a productive disease site group-related clinical or basic research program, to participate in the teaching programmes of CancerCare Manitoba and the University of Manitoba, and to provide quality care to patients with malignant and benign hematological disorders as part of a multidisciplinary team. Candidates must have specialty qualifications in Internal Medicine and Hematology in the country of current practice and must be eligible for registration with the College of Physicians and Surgeons of Manitoba. Certification in Hematology by the Royal College of Physicians and Surgeons of Canada is preferred.

The Department of Medical Oncology and Hematology, CCMB, and the Section of Hematology/Oncology, Department of Internal Medicine, Max Rady College of Medicine, U of M, consists of 38 faculty members based at the two CCMB sites located at the two University affiliated teaching hospitals (Health Sciences Centre and St. Boniface Hospital). In addition, the group provides services to the four hospital-based community sites within the WRHA. The group operates active clinical and basic science research programmes in solid tissue and haematological malignancies, the pathogenesis and management of infection in cancer patients, blood and marrow transplantation, quality of life in cancer, cancer epidemiology, red cell disorders, and bleeding and thrombotic disorders. We offer unique opportunities to develop new and innovative clinical and/or basic research directly or in collaboration with CCMB's Research Institute.

This is a University of Manitoba academic appointment. Remuneration income and rank will be commensurate with experience and qualifications. Competitive remuneration and excellent benefits packages are offered. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Interested candidates are encouraged to submit a letter of interest, which should include a description of research interests and experience, and up-to-date curriculum vitae, to:
