

INFORMATION REQUIRED BY CCMB REFERRAL CENTRE— SURGICAL ONCOLOGY

- The CCMB surgical oncology clinic provides consultation, assessment and diagnostic surgical procedures for certain health problems such as skin cancers, head and neck cancers, soft tissue tumors and thyroid, gastrointestinal and breast abnormalities.
- For emergent referrals, the referring physician should contact the on call surgical service via Health Sciences Centre paging at 204-787-2071 or the St. Boniface General Hospital at 204-237-2053.
- Other referrals may be faxed to the CCMB Referral Centre (204-786-0621.)

Note: No specific diagnostic workup is required prior to referral.

Completion of the CCMB new patient referral form is not required, but a physician's referral with available pertinent information is preferred in order to facilitate triage of referrals.
